Welcome to the BioAgTech World Congress & Expo

“Each year moving to a new ecosystem, new continent, with new farming needs, innovations, opportunities and alliances – a truly global event, with new regional mix, organized with local stakeholders: by the industry, for the industry”

This is not just another event. This is where the future of agriculture takes root and it's growing faster and stronger than ever. Brought to you by Global BioAg Linkages (GBL) and a team of professionals who live and breathe this industry, the BAW Congress & Expo is your opportunity to experience where innovation meets action, and partnerships flourish into impact. With your support and from others all around the globe, together we are growing a legacy of transformation. We aren't just gathering the industry, we are moving it forward, together as one.

Why Join the BAW Congress & Expo?

Go Further for Less: Multi-Year Partnerships

Why stop at one year of impact? Now, you can secure your visibility for multiple years.

- Preferred placement
- Locked-in rates
- Huge savings
- Early selection
- Priority treatment

BAW Sponsorship Packages: New Possibilities

You speak, we listen and adapt. Here is the new “Build Your Own” packages which put YOU in control. Whether you are a leader in the industry or just starting out, we have a place that is just right for you.

- Exhibit without the sponsorship
- Sponsor without a booth
- Or do both and unlock maximum visibility

Here's How It Works:

1. Select your exhibitor or sponsorship level (or both!)
2. Customize it with other brand visibility options (or just select one of these if it's right for you!)
3. Decide if you want a single year or multi-year plan
4. Lock it in and prepare for the global BioAg event of the year

Spots are limited. Opportunities are competitive. The sooner you move, the more you secure.

Why BAW Congress is Different

Organized By BioAg Professionals

Exclusively planned and managed by passionate BioAg professionals and Sustainable Farming Influencers, not just non-industry event organizers.

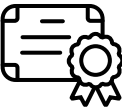

Fully Integrated Sustainability Event

Showcasing integrated sustainable smart farming: Biofertilizers, Biostimulants, Biopesticides and Precision AgTech, as part of one toolbox together.

Key Stakeholder Engagement

Brings together farmers, agronomists, retailers, innovators, policy makers, regulators, business leaders, marketers, investors and the food chain industry.

Recognizing Sustainable Champions

Honors main stakeholders of sustainable farming by awarding best Global Sustainable Grower, Exceptional Business Leader, Pioneering Innovator and a Poster Presenter, through independent voting.

Comprehensive Agenda and Program

Morning focus workshops and afternoon sessions, merging science, innovation, engaging roundtables, insightful keynotes, innovations, industry trends, investor and leadership experiences. Evenings of networking, awards, and fun factor.

Balanced Congress and Expo Focus

All day enjoy a balanced & equal focus on match-making, networking, and expo, complemented by a thoroughly planned, comprehensive, and in-depth congress that integrates key topics, must-win battles, and critical success factors.

Globally Regional Approach

With an annual rotation across continents, the event focuses deeply on regional challenges and opportunities from both global and local perspectives. It brings together global solution seekers and providers with the regional ecosystem.

Ongoing Think Tank Collaboration

Ongoing Global Regulatory and Leadership Think Tanks drive actionable dialogue and deliverables for tangible grower solutions.

"Each year moving to a new ecosystem, new continent, with new farming needs, innovations, opportunities and alliances — a truly global event, with new regional mix, organized with local stakeholders: by the industry, for the industry."

Pioneering Innovation Papers

At the **BioAgTech World Congress & Expo, organized by Global BioAg Linkages (GBL)**, we recognize that scalable innovation is the backbone of progress in sustainable agriculture. The Pioneering Innovation Award celebrates trailblazers who have successfully brought forward commercially viable and sustainability-driven solutions that address food security and safety through BioAgTech advancements. This award honors those who lead with vision and execution in transforming integrated crop systems.

Call for Papers: Open Until February 28, 2026

Announcing the Call for Papers on current innovations or launches related to the following session themes:

- 1. Biostimulant Innovations:** Enhancing Nutrient Use Efficiency and managing Abiotic Stress.
- 2. Biopesticides Innovations:** As integrated solution for Biotic Stress in Crop Management.
- 3. Soil, Plant and Seed Health:** Water Efficiency Management, and the role of Precision AgTech.

In addition, please explain in a concise manner, supported with tangible data and information:

- Ease of use & adoption by farmers.
- Go-to-Market strategy and targets.
- Farmers' ROI or ROI-related data.
- Tangible examples of sustainability with respect to planet, profit and people.
- Potential for long-term commercial success.
- Field trial data where applicable, especially in comparison with synthetic alternatives.
- Regulatory status/progress – crops and geographies.

Submission

- English is the official language of all papers.
- Papers should be submitted using the paper template found below.
- In the paper, please clearly explain your innovation's originality, uniqueness, field adaptability, proven efficacy and technical superiority.

Email your paper as a PDF to Nishant at BAWmanagement@bioaglinkages.com and click on the button below to fill out the brief submission form.

Submission Form

Presentation Template

Screening

- Submitted papers will be reviewed by the **Independent Congress Scientific Committee** comprised of a multidisciplinary panel of global industry leaders.
- Selected submissions will be invited for oral presentation in the relevant session(s).
- Selected submissions (final winners or not) will be published in the BioAg World Digest (BAW Digest) and on Global BioAg Linkages (GBL) social media extensively.
- All submissions, even if not selected by judges for oral presentation, are welcome to be displayed as **roll-up posters** in the Poster Area for the duration of the Congress. Please see "What if my innovation paper does not qualify for presentation" section below to learn more.

Presentation

- A representative from the selected innovations will have a 10-minute presentation slot on Innovation Day, slated for **Thursday, April 9, 2026**.
- Presentations should be made using the Congress Power-Point template found in the left column.
- Selected speakers must register online as Congress delegates, either through their company or in a private capacity.
- Presentations will be rated live by the Congress delegates using the Congress App.
- In case of any outliers, the Scientific Committee will make the final decision.
- Based on the ratings, the top three innovations will be announced and **awarded in the evening on April 9, 2026**.

Award Information

- Sponsor's Endowment (discretionary by the sponsor)
- Certificate and Trophy
- Complementary registration for BAW Congress & Expo 2027
- The winner will receive an interview and product profile placement in the BioAg World Digest (BAW Digest) and Global BioAg Linkages publications and social media

What if my innovation paper does not qualify for presentation?

If your Innovation Paper does not meet the required criteria for the Innovation Paper presentation in the main sessions, you can still apply for a poster presentation. This ensures your work receives visibility among the global BioAg community while providing an opportunity to share your insights and engage with industry leaders.

Poster Presentations

As part of our ongoing mission to accelerate innovation in sustainable agriculture, the **BioAgTech World Congress & Expo, organized by Global BioAg Linkages (GBL)**, invites researchers, startups and institutions to participate in the Call for Poster Presentations. This platform is designed to spotlight emerging research, pre-commercial innovations and novel product concepts that are shaping the future of BioAgTech, with a focus on environmental sustainability, crop health and global food resilience.

Announcing the Call for Poster Presentations related to the following session themes:

- **Biostimulant Innovations:** Enhancing Nutrient Use Efficiency and managing Abiotic Stress.
- **Biopesticides Innovations:** As integrated solution for Biotic Stress in Crop Management.
- **Soil, Plant and Seed Health:** Water Efficiency Management, and the role of Precision AgTech.

In addition, please explain in a concise manner, supported with tangible data and information:

- **Ease of Use & Adoption:** How easily can farmers adopt your solution?
- **Go-to-Market Strategy:** Highlight your target markets and strategy for scaling the solution.
- **ROI:** Demonstrate the potential return on investments for farmers.

On the morning of **April 9th**, all selected poster presenters will have the opportunity to present their work directly to the judging panel. Each presenter will be given up to **5 minutes** to explain their innovation. **Please note: attendance is mandatory.** If a presenter is not present during the judging session, their poster will not be considered for an award. More information will be sent to all poster presenters.

How to Submit Your Poster

Email your poster presentation as a PDF to Nishant at BAW-management@bioaglinkages.com and fill out the brief submission form to complete your submission.

CONTRACT SPECIFICS

PAYMENT TERMS AND SCHEDULE

Fees and Payment Terms

1. **Fees:** Service fees will be based on the agreed-upon scope and detailed in the fee schedule attached to this agreement. The schedule will itemize fees for the specific services ordered by the PARTNER.
2. **Payment Installments and Schedule:**
 1. Initial Installment: 20% of the total package cost is due upon signing the agreement.
 2. Second Installment: 40% of the total package cost is due by October 31 of the year prior to Congress.
 3. Final Installment: 40% of the current year's package cost is due by February 28 of the Congress year.

For Multi-Year Partners:

- a. Year 1 (Y1): Initial installment 20% of the total Y1 package cost + 20% of the total Y2 package cost is due upon signing the agreement to get multi-year savings. Second installment 40% of the total Y1 package cost due by October 31, _____. Final Y1 installment 40% of the total Y1 package cost is due by February 28, _____.
 - b. Year 2 (Y2): 20% of the total package cost of Y3 due by July 31, _____. Y2 second installment of 40% due October 31, _____. Y2 final installment of 40% due by February 28, _____.
 - c. Year 3 (Y3): 20% of the total package cost of Y4 due by July 31, _____. Y3 second installment of 40% due October 31, _____. Y3 final installment of 40% due by February 28, _____.
 - d. Year 4 (Y4): Y4 second installment of 40% due October 31, _____. Y4 final installment of 40% due by February 28, _____.
3. **Additional Notes:**
 1. If the agreement is signed after any of the scheduled due dates, all previously due installments will be payable immediately upon signing.
 2. If opting into multiple platforms (e.g., Congress + Digest), payments for each selected platform will be calculated and invoiced together under this same schedule.
 3. Local country tax implications will be adjusted in the October or February payment cycle as applicable.
 4. **Penalties for Contract Breach:** If the PARTNER breaches the contract, they will be required to repay the first installment (20%) for each year in which the breach occurs.

Per the Service and Payment Schedule

GBL will not be responsible for delays or failure to act due to causes beyond its control, including natural disasters, organizational changes within the PARTNER, budget adjustments or shifts in the external business climate. If any foreseeable and uncontrollable delay affects the project, GBL will promptly inform the PARTNER and discuss revised terms for delivery and payment.

Acceptance of Terms

This Contract is the sole agreement between GBL and _____ for the services indicated herein. Any additional work outside the scope of this agreement must be authorized through a signed modification order, which will include additional fees as applicable.

Cancellations and Postponements

If the PARTNER cancels or postpones the service via certified or registered mail, the down payment will not be refunded. In the event of contract cancellation, the "Limited Liability," "Indemnification," and "Non-Disclosure" clauses will remain in effect. Upon cancellation, GBL shall transfer, assign and make available to the PARTNER all property and materials belonging to the PARTNER that are in GBL's possession or control, subject to full payment of all amounts due under this agreement.
